

All New England joined in the welcome to the Yankee Division--the 26th--at Boston today. It was a grand spectacle. A million or more cheered the soldiers.

ITALY CRIES FIUME OR DEATH

A MILLION PEOPLE CHEER 26TH DIVISION HEROES AS THEY PARADE FOR LAST TIME

(By Associated Press)
Boston, April 25.—The Yankee boys came marching home today. They found pretty much all New England on the cheering line. For three weeks those who carried the torch overseas have been coming back but this was really the home coming when in battle array, with flags flying, and drums beating, they marched along familiar streets and into the hearts of the multitude. As each soul in the mighty throng expressed its emotion in its own peculiar way the one time National Guardsmen of New England, now the famous 26th Division of the U. S. A., the first National Guard Division in France, bled on unperturbed into the veterans that they are.

All New England shared in the welcome. In the double roadways on Commonwealth Avenue each of the six states had a stand, where the state and municipal officials, Congressmen and Senators and a host of home folks welcomed their own. At one o'clock Major General Edwards, to whom Major General Hale yielded the place of honor, gave the word and the final advance of the 26th was under way. Starting at Charles and Beacon streets the Y. D. moved, 20,000 strong, through Beacon St. and past the State House where the New England Governors representatives of the Army and Navy, and Massachusetts state officials gave a rousing reception to the doughboys. The marching hosts

met with a warm reception all along the line.

Boston, April 25.—"The Yanks are coming" was the cry that awoke Boston today. It was an ideal day for the parade as far as the marchers were concerned but furs were in demand for the grand stand throng. Early in the day the temperature was at freezing and the sky was overcast most of the time, with occasional snow flurries. Everywhere along the line of march and in other sections as well the Stars and Stripes and the colors of the allied nations snapped smartly in the brisk wind. At the entrance of Commonwealth Avenue along which the division marched and counter-marched was a so-called "Cross of Honor" in the center of which stood a "Winged Victory," a woman of shining gold, Fremont street with its long rows of band stands presented an impressive sight. Huge flags of all the allied nations swung above the troops as they swung along and from buildings waved thousands of smaller flags until the whole was a riot of color. The city adopted lavishly all principal streets, squares and railroad terminals. Throughout the entire city were signs bearing such legends as "New England welcomes her heroes" and "We can never repay the debt we owe you." One guess at the number of thousands who arranged themselves along the line of march was as good as another. It was necessary to recall

Italians Determined to Have Port-Country Stands Behind Peace Delegates--Demonstrations of Approval in Many Italian Cities--Orlando to Consult Italian Parliament--Hungarian Situation Grave

(By Associated Press)
Italy, if all her delegates leave Paris, will be represented at the conference by Great Britain and France. The Italian people appear, from home advices, to be standing determinedly behind her delegates. Demonstrations were held yesterday and last night and it is reported that in all the larger towns of the Kingdom there have been parades in which the people have shown their approval of Orlando's stand. Feeling is running high throughout the country. Dispatches state that Great Britain shares with President Wilson the condemnation of the Italian people. The slogan "Fiume or death" is said to have been adopted. Whether Italy will occupy the disputed territory of Dalmatia and Fiume is not definitely known.

The crowd that welcomed Dewey home from Manila Bay and those who witnessed the preparedness parade. Imagine the two throngs rolled into one with the wild fans of worlds series baseball added to get some idea of how New England turned out today. At daylight special trains from many points began unloading at the North Station and the South Station and every electric car line brought its thousands. The Common was the converging point for the streams of people. The great open space seemed to shrink as more and more of it was occupied. The tide of humanity encompassed the Frog Pond, spread out toward the Public Gardens and broke upon the high iron fence beyond which the parade was forming on Beacon street. One o'clock was the "zero" hour for the last advance of the 26th. As the time approached, the nervous tension of the crowd found re-

All may be settled within a fortnight. Premier Orlando has gone to Rome to consult Parliament. Thereafter we shall see.

Although Premier Orlando has left Paris with two other members of the Italian delegation of the peace conference in protest against President Wilson's action in making public a statement on the Adriatic question, the latest Paris advices do not give the view that the move means a cessation of Italy's participation in the conference.

Premier Orlando of Italy, decided to delay his departure from Paris long enough to sit with the Council of Four with Premiers Clemenceau, Lloyd George and President Wilson. The knotty problems of Italy claims to Fiume and the Dalmatian coast did not come up at the conference, only questions of principle. Two hours were taken up in course of which consideration was given the question of prestige involved in the publication of President Wilson's statement, while Premier Orlando is to return to Italy immediately to lay before the Italian Parliament the matter of the decision of the Conference. Foreign Minister Bonino and the other Italian delegates will remain in Paris for a time longer. The situation regarding Italy's claim still remains acute and apparently there is no weakening on the part of Italy nor is there any indication that President Wilson, Clemenceau or Lloyd George have receded from their position.

Premier Orlando has replied to the statement of President Wilson, in which he states that the President expressed his own thoughts on one of the greatest problems of the conference while the Italians were preparing a counter proposition. The statement that Italy is protected by the Alps is so, but his country demands a protection for its flank along the Adriatic sea, and also that the people of the Dalmatian coast be given the right of self determination.

Mexico through its foreign office has issued a statement to the effect that it does not and never has recognized the Monroe Doctrine.

MARINES LOSE HEAVY IN FRANCE

Washington, April 24.—Of the 8000 officers and men composing the Marine Brigade when it and other units of the 2d Division were thrown into the fighting near Chateau-Thierry last June 5 to stop the German thrust at Paris, 120 officers and 5073 men either were killed or wounded before the battle was relieved at the end of the month. While in this action the Marines took Luby-la-Buige, cleaned up Belleau Wood and finally captured the important town of Houdouich.

In discussing these casualties today, Maj. Gen. Barnett, commandant of the Marine Corps, said "The statements from many officers that the Marines were not in the fighting at Chateau-Thierry were misleading. The Marines, he said, were not actually in the town itself but fought in the action known as the battle of Chateau-Thierry."

Gen. Barnett cited official communications both from Gen. Pershing and the War Department. He pointed out that a number of Marines were awarded the Distinguished Service Cross by Gen. Pershing for heroism at Chateau-Thierry.

KITTERY

Kittery, April 25.—York Hebeah Lodge celebrated the 10th anniversary of Odd Fellowship on Thursday evening by entertaining the members of Riverside Lodge of Odd Fellows. WILL NOT PROSECUTE BREWERS

(By Associated Press)

New York, April 24.—The government will take no steps to prosecute the manufacturers of beer of 2 3-4 per cent type, but will wait for a decision of the court on the matter. However the producer will make the beer at their own peril after April 30. The New York Federal District Attorney said that there was no disposition on the part of the government to make any prosecution under the emergency food act, if any changes are made the courts and the brewers will be notified. They said that the government was not concerned in the 2 3-4 per cent beer. It was a matter for the court to decide.

FRENCH TEST LATEST PLANE

Paris, April 23.—France's fastest air plane today is the new Nieuport biplane No. 29, which was completed in the late fall of 1918, and was to have been incorporated as a fighting unit in the French air forces this month. This biplane carries a 300 horse-power engine and, with a load of 310 lbs., reached at the official tests, a speed of 117.12 miles an hour. It climbed 1,000 meters in 116 seconds, 3,000 meters in 337 seconds and 6,000 meters in 125 seconds. At the latter elevation a speed of 131 miles an hour was maintained.

K. OF C. WORK EXPANDING IN EUROPE

Coblenz, Germany, April 24.—Since the beginning of American occupation of Germany the Knights of Columbus force has steadily grown until today at Coblenz there is an independent headquarters of the organization with its own complete equipment. The operations beyond the Rhine are under the immediate direction of Fred V. Allen of Minneapolis. He has under his control a force of over 100 secretaries. This quota would be much larger were it possible to obtain men for the work. So great has been the need of labor that German civilians in large number are employed in the warehouse and about the clubs in lesser capacity.

The entire operation of the Army of Occupation is directed from headquarters in Coblenz. The city is therefore a leave area and daily over 3,000 soldiers have enjoyed the liberty of the city. These men come from the far districts of the army, from Treves and the camps situated far up the Rhine or the Moselle. It is a mighty army that the American service organizations must make as comfortable as their means will permit while they await the word to start for home.

The men come from the outlying camps in the big fleet of river boats plying the Rhine and Moselle rivers. They are met by men of the Knights of Columbus and from their arrival in Coblenz or Treves, the second leave center of the area, they are urged to make the headquarters and club of the organization their homes.

At Coblenz the visiting soldiers are billeted in a huge structure formerly known as the Porcent Magazine and there is room for 1200 men every night. In this big warehouse nearly 20,000 doughnuts are "fried" on some days. The entire output of each day is sent to a given soldier unit in the occupied district. At their destination these delicacies are distributed by the head of the Knights of Columbus secretaries in each clubhouse.

In Coblenz before the war there was maintained one of the finest municipal baths in all Germany. The big structure now is in the hands of the Knights of Columbus who are providing every modern bath, needle, shower, tub, medication or just a plain old fashioned sponge and rub, for over 300 soldiers every hour.

At the enlisted men's club there are eight large rooms where every want of the soldier is supplied. There is also an officers' club nearby.

KITTERY POINT

Kittery Point, April 25.—Mr. and Mrs. Augustus McKenzie who have former's brother Rev. James McKenzie been spending a few days with the Rev. and Mrs. McKenzie at the Baptist parsonage, have left for Montreal, Can., where they will visit before returning to their home in Dalhousie, N. B.

William H. Tobey and son Alfred were among those from this place who witnessed the parade of the 26th division in Boston today.

Miss Edith Davis has returned to her home in Watertown, Mass., after visiting her uncle, Mr. Roy Gregg at Champernowne hotel.

Miss Bernice Phillips was a visitor in Boston on Thursday.

Mrs. Louis Parady and two children of Portsmouth visited friends in town on Thursday.

Lawyer Arthur Sleeper attended the celebration in Boston today. Everett Farr has returned to his home in Boston after spending a week with his father, L. E. Farr, at Champernowne hotel.

Miss Queenie Harrison spent Thursday with friends in Dover.

Mr. and Mrs. Harry Roberts attended the celebration in Boston today. Edwin Sanders spent the holiday with his parents in Dover.

The Kittery Point branch in Aid of French Wounded will meet this evening with Mrs. Henry Blake.

A large number of friends gathered at the home of Mr. and Mrs. Ralph Seaward on Wednesday evening, recently purchased of Mr. Edward Tobey and gave them a house warming. The evening was very pleasantly passed with graphophone selections. Refreshments of ice cream and assorted cake were served. Mr. John Brooks in behalf of those present presented them with a purse of money. They also received several other very useful gifts.

Mrs. Dewey Krough returned to her home in Windsor, Vt., Thursday after passing several days with Mr. and Mrs. Ralph Seaward.

Mr. John Brooks of North Berwick is passing a few days with friends in town.

The Herald's suggestion for a July 4th welcome for the boys made a hit.

ENGLAND NOW OVERSTOCKED WITH WHEAT

London, April 24.—The British farm is suffering from the fact that the Government had stacked the granaries of Great Britain with wheat in preparation for a great spring offensive against the Germans this year. Now that the offensive is not to be undertaken, the farmer is having difficulty in selling his crop of last year's wheat.

Explaining the situation at the annual dinner of the Land Union recently, Lord Bland, formerly Robert F. Prothero, president of the Board of Agriculture, said, "I do not know that I am revealing a secret when I say that the Government intended, if the war had not finished in November, to make its great 'push' about this time. In this month or next month we should have tried to place on the western front the whole force of the Allies we could command and should have tried to bring the war to a conclusion this summer."

"For that purpose we wanted the absolute control of all the tonnage we could get. We wanted every ship to be free to bring over munitions, food and everything else which the army required. For that reason we brought

into the country a large quantity of food supplies. If our shipping was to be engaged in bringing food to this country in the middle of that military push we should have been hampered. The consequence was that we filled the granaries of this country with wheat in order that we should be free for this great military enterprise. You cannot alter your plans in a few hours. The wheat is now being passed into consumption as quickly as possible."

MEXICO DOES NOT RECOGNIZE MON- ROE DOCTRINE

Mexico City, Wednesday, April 23. (By Associated Press)—The nonrecognition of the Monroe Doctrine by the Mexican Government and the recall from Paris of Alberto J. Pani, Minister to France to await orders in Spain, formed the substance of two statements printed identically by all Mexican City papers tonight as having been given out officially by Salvador Diego Fernandez, chief of staff in charge of the Department of Foreign Relations.

One statement reads: "Since December last year, Alberto J. Pani has held credentials as Minister to France. Notwithstanding the fact that the French Government last November expressed its willingness to accept Senor Pani's nomination, he has been unable to present his credentials to the French Government throughout his long stay in Paris. In view of the above circumstances, President Carranza, through this department, has ordered that Senor Pani, together with the legation corps, proceed from France to Spain, there to await cabled instructions."

"Will Not Recognize It"

The other statement follows: "The conference now meeting at Paris has considered the recognition of the Monroe Doctrine. Some Governments, friends of Mexico, have asked Mexico for its opinion regarding the Doctrine, and the Mexican Department of Foreign Relations has answered that the Mexican Government has not recognized and will not recognize the Monroe Doctrine or any other doctrine that attacks the sovereignty and independence of Mexico."

The recall from Paris of Minister Pani has been rumored unofficially for more than a week. There have also been reports that Gen. Eduardo Hay, who has been nominated Mexican Minister to Italy, will also be recalled although there is no official information relative to the latter report.

WAR PROHIBITION LAW CALLED UN- CONSTITUTIONAL

New York, April 24.—Elhu Root, senior counsel for the United States Brewers' Association, today asked Federal Judge A. N. Hand to declare unconstitutional the war-time prohibition law, enacted, he said, "under false pretence, an every man and woman knows."

The measure was designed, he asserted, not to aid in carrying on the war, but to bring about a state of prohibition before the date fixed by Congress in its proposal after ratified by three-fourths of the States, writing into the Constitution the Federal prohibition amendment.

Mr. Root made the final argument for the brewers in opposition to the government's motion to dismiss the complaint in the test suit brought by the Jacob Hoffman Brewing Company to restrain the Federal authorities from interfering with the production of beer of 2 3-4 per cent alcoholic content.

Mr. Root said the injunction is sought on behalf of "a great and established business, protected by law, uncondemned in its relation to public health, morals or safety, and regarded by the great majority of the people of this and many other countries, as an agency in encouragement of temperance."

The injunction was necessary, he contended, to prevent the "threatened high-handed action" of the Internal Revenue Department, which "would ruin, before its owners could obtain a court decree as to their rights," the brewing business of the entire country.

You Can "Beat" the Weather When You're Wearing "U. S."

No matter how bad the weather or how sloppy the deck or wharf, your feet and legs will get the best possible protection in U. S. "Protected" rubber boots. They are specially built for hard wear and rough usage. With dry and warm feet and legs you can stand a lot of punishment. Your work will be easier.

U. S. "Protected" rubber boots give you real protection. During the war the Government probably used more U. S. "Protected" rubber footwear than of all other makes combined.

Be U. S. "Protected," then, and safeguard your comfort and health. There's a "U. S." boot exactly suited to your needs. Your dealer has it or can get it quickly.

To be sure of "U. S.," look for the "U. S. Seal" on every pair. It's the trade mark of the largest rubber manufacturer in the world.

MAY STOP MAKING BEER ON MAY 1

Washington, April 24.—Drawing of beer will stop Thursday, May 1, under the food conservation act of Nov. 21, 1918. It was said today at the Internal Revenue Bureau. This prohibition will affect all beer, including that now being produced by many manufacturers containing 2 3-4 per cent alcohol for which the internal revenue stamps without having decided specifically whether production violates existing laws and regulations.

Internal Revenue Commission Paper today would not discuss the tangled status of beer production and consequently the statement that production of all malt liquors would stop on May

I was not regarded as final. A regulation heretofore issued by Commissioner Paper says:

"The act of Nov. 21, 1918, provides that no grains, cereals, fruit or other food products may be used in the production of fermented malt liquors after May 1, 1919. Officials stated that the 2 3-4 per cent beer could hardly be construed as anything other than fermented malt liquor.

Reports indicate that many brewers are rushing their output of beer so as to acquire, before next Thursday, stocks to fill demands between then and June 30, when prohibition becomes effective."

A Possible Result of the War.

It is quite possible that one of the results of the world war will be the bringing of labor conditions in European countries nearer to the standard that prevails in the United States. In the past there has been a vast difference in the scale of wages and the general standards of living, but the day of internationalization is at hand and there are indications that among the changes that are taking place there may be very marked changes in the industrial conditions of the Old World.

There has been for some time very pronounced unrest in labor circles in England, and now comes word from France that the workers of that country want a change of program. It is said that if the decision of important unions in that country is accepted May 1 will be observed by a general abstention from work. Railroad men, miners, dockworkers, metal workers, sailors and general transportation workers are calling for increased wages and an eight-hour day.

These things are significant, but by no means surprising. The intermingling of the United States with the nations of Europe in the war has given the common people of the Allied countries a better knowledge of things American than they ever had before. Their armies have seen how the American soldiers are equipped and cared for. They have had visible evidence of the superior conditions which prevail in this country, and it is not strange that as the men return to their homes and occupations they should desire and demand conditions more nearly on a level with those which obtain here.

If a leveling up is the outcome the results should be as beneficial to the United States as it will be to the foreign workers.

For years this country has been obliged to maintain high tariffs to protect its workers against the competition of so-called "pauper labor." If now the workers of Europe should be able to gain a footing more nearly on the American level the old-time competition would be largely reduced and conditions should be better all round.

There is no reason to expect that labor conditions in Europe will immediately become as good as they are in this country. But with the eyes of the people there open to the desirability of a change, with the people convinced that the change is not only desirable but practicable, beginnings will be made which will lead ultimately to a mighty betterment of the conditions under which the people of foreign countries are working today.

In abandoning its policy of "isolation" this country has apparently set in motion forces which are to make themselves felt in unexpected quarters and in an unexpected manner. In making the world safe for democracy it may also have made it safe for the toilers of the world, who, no longer content with a life consisting in a bare subsistence, will assert their manhood and their rights and insist upon civilized and progressive working conditions and modes of living.

And the world will be the better for it if they do.

Hon. Horace Mitchell of Kittery is prominently mentioned as a Republican candidate for Congress to succeed Representative L. B. Goodall of Sanford, Me., and the Republicans of the district would make no mistake in placing him in nomination. He is known and recognized throughout his state as a man of ability, integrity and action, just the type of man that is now urgently needed in the councils of the nation.

A big Fourth of July celebration would not only be an appropriate honor for the boys who have been in the service, but would provide an entertainment that would be appreciated by the public, it being some years since Portsmouth has had anything of this sort. The suggestion is well worthy of consideration.

A few sportsmen from out of the state have come to grief for fishing without licenses, the cost being far more than the value of the fish they caught or the worth of the sport they had. It pays to observe the legal regulations, even when in pursuit of so small a thing as a mess of trout.

The "Welcome Home Service" to be held by the War Camp Community Service on Memorial Day will be eminently appropriate and will add greatly to the interest in the day's program. It will be a memorable day for Portsmouth.

Washington reports that thousands of young men who went from farms into the munitions factories during the war are now going back to the farms. It is a wise step, but what a difference there will be on pay day!

Paderewski is finding it harder to handle Poland than it is to manipulate the piano. And the chances are that the business will not pay as well.

Now will those who reaped a harvest from grandstands in Boston on the occasion of the great parade invest the money in Victory bonds?

EDITORIAL COMMENT

Degrees in Patriotism.

(From the Baltimore American)
 The man who cheers a returned soldier is a praiseworthy enthusiast. But the man who keeps a soldier's job for him is a fellow patriot.

Ohio and Indiana Barkies

(From the Washington Post, Ind't)
 "It is not impossible that Ohio and Indiana will furnish the candidates of both parties, both for President and Vice President," remarked Henry H. Hille, "Among the Republicans, we know, there has been for a long time considerable talk of Senator Harding as the standard bearer in 1920, while the Democrats of the Buckeye State have been booming Governor Cox as the most available aspirant. Friends of Senator Pomeroy are also taking seriously his proposed candidacy, though there has been no evidence that the Senator himself has given them any encouragement."

"In the adjoining state the Republicans are already grooming former Governor Goodrich, and they are planning a strong campaign in his behalf—that is, I mean his friends—and he has a big following. There has been considerable talk of Senator Watson as a candidate for President also. "There is a possibility that Vice President Marshall may be renominated for the office he has held for six years. Should the President run for another term, it is altogether likely Mr. Marshall would be chosen for second place on the ticket, but even if Mr. Wilson should not be a candidate there is still a strong possibility that Marshall may be chosen by the Democrats for Vice President another time."

"It would be a remarkable thing, of course, if Ohio and Indiana should have the candidates of both parties and while it is not probable, it is not without the bounds of possibility."

Wheat, And the Dollar's Value

(From the Boston Transcript)
 What shall be done with the \$1,000,000 fund appropriated by Congress with which to maintain the guaranteed price of wheat—\$2.25 a bushel—to July 1, 1920? If the world price of wheat is maintained at a level with the price guaranteed to the American farmer, the billion-dollar subsidy will not have to be touched, and the sum will remain in the Treasury to be directed to some other purpose. The commerce of bread in the United States will continue to pay the present high price for bread and, in all human probability, the prices of all other grains will be maintained at the present unreasonably high prices. The same will be true as to prices of beef, pork and lamb—especially so as to pork and by-products of the hog.

On the other hand, if the enormous wheat crop indicated for 1919, following the large crop of 1918, the second largest in history, is left to the influence of the laws of supply and demand, the price of wheat the world over should drop to, say, \$1.25, or it might well drop to \$1 a bushel. This would mean no loss to the American farmer, because the billion dollar guaranty subsidy stands to protect him. The consumer will get bread much cheaper. True, he will have to pay the \$1,000,000,000 subsidy to the farmer in taxes. But he will have cheaper food. Every dollar he can earn will have a purchasing power in wheat practically double its present purchasing power. With the wheat price cut, prices of substantially all foodstuffs must fall from the present figures, which are unsound, economically, and which sooner or later, will fall with a crash if not "eased down."

The American dollar ought to be able to buy more. Why not give it a chance? This can be done by using the billion dollar subsidy to the farmer to force down the world price of wheat to a normal level.

American Sentiment Wanted at Paris

(From the New York Herald)

President Wilson's announcement that the American delegation at Paris is unalterably opposed to France being a part of Italy runs counter, we believe, to the sentiment of the American people.

To Americans who have felt that their country was fighting to uphold the integrity of agreements the spectacle of an American President insisting that Great Britain and France repudiate their implied promise to Italy is anything but pleasant. The explanation—that conditions have changed since these promises were given—seems specious to put it mildly. Every consideration of sentiment and of justice demands that France go to Italy rather than that its disposition be dictated by the interests of Slav peoples, who, like the Croats, fought under the flag of Austria-Hungary against Italy and for Germany.

Not only American in ten thousand believes that America and her Allies owe anything to the fictitious, yet-to-be created State, known for convenience as Yugoslavia, or that that State is worthy of any special consideration at the hands of the victors in this war especially when to give it would involve an act of injustice to Italy.

If President Wilson were in this country he would know that the sentiment of the American people is overwhelmingly with Italy as against Yugoslavia and then, doubtless, American sentiment would be properly represented in Paris.

What a pity President Wilson is not in this country at the present time!

Sheep or Goats?

(From the Chicago Evening Post)
 The sight of men in soldiers' or sailors' uniforms selling buttons and other gewgaws on the street is not a pleasant one. Yet the fault may be ours, not theirs. They may be honorably engaged and quite as humiliated by doing as we are by seeing.

On the other hand, some of these men are promoting business by methods smack of the strong arm, one of them planning a button on his victim while his pal demands a quarter, with the comment: "We fought. What did you do?"

In New York, where this kind of holdup has become a nuisance, eight men out of twelve in sailors' uniforms who were gathered in by the Navy Department proved to be imposters, unable to distinguish the starboard from the port side of the vessel. One of the remaining four who were discharged sailors scorned the suggestion of a job when he could make \$50 a day selling "Welcome Home" buttons—with a little pressure on his reluctant patrons.

All this is regrettable but it was to be expected. Patriotism has always been profiteered upon. Rascals have always masqueraded in the livery of a country's defenders; and not every bona fide soldier or sailor is a good citizen.

For the sake of the honest soldier or sailor driven to mental work, it behooves citizens not to be oversuspicious. At the same time it is their duty not only to society but to the honorable returned soldier or sailor patrons of persons are supporting promptly to report to the authorities, either civil or military, any bullies or strong-armers with whom they come in contact.

The order was for 125 steps to the minute which called for the kind of music which always thrills a crowd. The route of the parade designed to furnish room for marching 12 abreast with the greatest opportunity to be seen.

Gov. Coullidge had a stand at the main gateway of the State House and with him were Governors Clement of Vermont, Bartlett of New Hampshire, Beckman of Rhode Island; Milliken of Maine; Holcomb of Connecticut; and Major General William M. Black Chief of Engineers of the Army.

The Green Mountain State grand stands were located between Dartmouth and Exeter streets. Adjutant General Johnson, Mayor Jackson of Burlington and delegations from Brattleboro, Springfield, Northfield and Winooski were some of the Vermonters on hand.

The New Hampshire grand stands stretched from Exeter street to Gloucester street. The number included U. S. Senator Moses, Congressman Watson and Burroughs, and Admiral Bouché of the Portsmouth navy yard. All arrangements were in charge of Commissioners Whittemore, of Dover, Goodnow of Keene, Gen. Howard of Nashua, Major Coter of Portsmouth, Major Eaton of Nashua and Mayors Hishop of Portsmouth, Verette of Manchester, Crowley of Nashua, Watson of Keene, Smalley of Dover, French of Concord, Leach of Franklin, Brown of Somersworth, and Young of Rochester. Gov. Bartlett said "New Hampshire greatly appreciates the hospitality of Boston and Massachusetts."

NAVAL PRISONERS WILL PRESENT BEAUTIFUL SPECTACLE TONIGHT

Large Advance Sale for Opening Performance This Evening.

An unusual sight was three hundred U. S. Naval prisoners who marched down Congress street this noon.

They were on their way to the Portsmouth Theatre to help get the big playhouse ready for their own show this evening.

The boys are to present a very elaborate production this evening and people who saw the play at the prison a few days ago, say that it is really a high grade musical play.

Many of the boys are actors of much ability and the whole troupe have rehearsed the play tirelessly to win perfection.

A HOME WEDDING

A quiet, home wedding was solemnized on Thursday noon at the home of Mr. Charles M. Smith of Eliot, Mr. and Mrs. Emma L. Smith was united in marriage to Mr. Ralph M. Seagraves of Bath, Me. The Rev. H. G. McCann of Portland officiated.

The bride was beautifully gowned in white crepe de chine, her sister, Mrs. Harvey Bailey of Bath, wore pink silk, while the mother of the bride was a charming hostess in blue. The great living-room with its large fireplace and old wood fire to take the chill off the air, there was no chill in the hearts of any there, was the scene of the ceremony, and as the words uniting the young people were spoken the thought came to some there that the bright sparkle of the flames in the great log on the fire logs was in some degree symbolic of the light in the eyes of both of the contracting parties.

The guests were confined to the family and immediate friends of the young couple. Boston, Portsmouth, Eliot, South Berwick, Bath and Portland were represented by those present.

The gifts to the bride were varied and abundant, and included numerous pieces of silver, much bric-a-brac glass and fine china, a dainty dinner set of French china, much linen and several pieces of furniture, all of which will be helpful in the new home.

The young couple, after a brief honeymoon, will reside in Bath where the groom is connected with the Texas Shipbuilding Co. He having recently returned from France where he was connected with our military forces for a year or more.

VICTORY CONVENTION COUNTY C. E. UNION AT NORTH HAMPTON

The Victory Convention of the Rockingham County Christian Endeavor Union held at the Congregational church at North Hampton First Day was well attended and most successful and 25 or more persons from this city were present.

The program opened at 10 a. m. with music by the Columbia orchestra of this city which played especially well. A devotional service followed and words of welcome, the president of the North-Hampton society giving this address.

Rev. Mr. Schurman of Exeter spoke on "The Church and Victory," and Rev. James W. Hugg of Rye gave an address on "The Battle for Christ's Kingdom—Young People at the Front."

Lunch was served at noon in the vestry by the entertaining church, the orchestra furnishing music during the serving.

The afternoon session began at two o'clock and after the opening exercises Rev. Ewart W. Pond gave an address on "God and the Great Victory." Committee reports and an open forum followed; then a selection by the orchestra and an address "Christian Endeavor in Victory," followed by prayer. Mrs. Rich also gave an address on Junior Work.

The following officers were elected for the year:

President, Lyman P. Macdonald, Portsmouth.
 Vice President, Miss Mabel Hayes, Exeter.
 Treasurer, Evelyn G. Souvey, Portsmouth.
 Junior Supt., Mrs. Hazel J. Bleb, Exeter.
 Chairman of the Lookout Committee, Miss Atherton, Newmarket.
 Pastoral Counsel, Rev. James W. Hugg, Rye; Rev. Walter Schurman, Exeter; Rev. William P. Stanley, Portsmouth.

The convention was the semi-annual one. None was held last fall, owing to the influenza epidemic. At the one held in the spring the addresses referred much on the boys going into service and now on the victory and the boys returning home. The Rockingham County Christian Endeavor Union is the strongest in the state, although a year ago was the weakest. What has been accomplished is due greatly to work on the part of the officers and the Sunday Campaign. The next convention will be held on Columbus Day, the place not being yet assigned, but it is thought Portsmouth may be selected.

The members of the Union from this city were accompanied on the trip by Rev. William P. Stanley. They left by electric cars at 9 a. m. and arrived home at 6 p. m.

PORTSMOUTH PLANS HUGE BOND DRIVE

Next week is the time for Portsmouth's real start to gather \$25,000 is our quota of the fifth or Victory Loan. Mass meetings and concerts, and a house to house canvas as well as of the business district will push us toward the goal. A full outline of the week's program will be announced in the Herald later.

Meanwhile all the business places are speeding the good work and the banks are doing a big business. A prominent bank official said that while no figures were as yet available that when the totals were announced the showing would be better than in the fourth loan.

Proof of the popularity of the new loan is evidenced by the way big business is mopping up the issue and as the old saying goes, "What's sauce

for the goose," etc., holds good in this case. If it's good for the rich man it's good for the poor man, and everybody realizes it.

Complete returns on Portsmouth's work so far will be ready for publication tomorrow.

FAST DAY QUIET AS A HOLIDAY

Fast Day was nothing to brag about in the way of a holiday and the weather did not add to its merits. The general business of the city was suspended, the navy yard was closed and all of the local industries, but the ship yards worked.

There was very little going on, the churches held a Union service and the places of amusement had crowded houses. There were no base ball games of any note and practically nothing to attract a crowd.

The Herald carries more paid advertising than any paper of its size in New England.

BENEFIT DANCE FOR TELEPHONE OPERATORS

There was a good crowd present at the benefit dance at Freeman's hall on Thursday evening, given by the Metal Trades Council for the Telephone Operators. The weather was poor and while the floor was well filled there was not a very large crowd in the gallery.

Jordan's orchestra furnished music and dancing was enjoyed until one o'clock this morning.

The affair was under the direction of the entertainment committee of the Metal Trades Council, George Cate, S. A. Boston, W. J. Keefe, Mack Potter, and M. L. Schwarz. The proceeds of the ball after expenses, are to go to the benefit funds of the local operators union.

GOING INTO THE SHOW BUSINESS

The Metal Trades Council are going into the show business and they are organizing an outdoor carnival, which they propose to take through the New England states to all localities where there are ship yards. The carnival will open in this city and he held from May 21 to 31, and then will go to Bath. It is a new venture and the management and an control will be with the Entertainment Committee of the Council.

TO WITNESS BIG PARADE TODAY

This city was well represented at the big parade of the 25th Division at Boston today. A great many people went to Boston on Thursday and remained over the parade.

Today if the weather is at all pleasant there will be a good number going on the early morning train and many more who will make the trip in automobiles. Many former members of the Y. D. are already in Boston and the others will go early so as to get their position in line.

WORSE THIS SPRING

Owing to Run-down Condition Caused by the War.

Anxiety and worry have a bad effect on the nervous system, and derange the bodily functions, especially digestion and excretion. Who escaped them during the war? They have made nervousness, indigestion, lack of vitality worse this spring. The very best medicine to take now is Pepton. It strengthens and tones the nerves. It gives a good color to the face and cheeks. It is the great vitality giving healthy activity to all the vital organs.

This good medicine, which is a real iron tonic, makes the blood rich in red corpuscles, an abundance of which is indispensable to perfect health. It promptly relieves mental and physical exhaustion, creates an appetite, and promotes sweet, refreshing sleep. Pepton is in the form of chocolate-coated tablets, and is pleasant to take.

THIN, FRAIL FOLKS NEED PHOSPHATE

Nothing Like Plain, Bitter Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Judging from the countless preparations and treatments which are advertised for making thin people fleshy, developing their neck and bust, and replacing their hollow, sunken cheeks by the soft, rounded lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

Thinness and weakness are usually due to starved nerves. Our bodies need more phosphate than is contained in ordinary foods. Phosphate is the element that will supply this deficiency so well as the organic phosphate known among druggists as "Bitter Phosphate."

Phosphate is indispensable and is sold by D. W. Adams in Portsmouth and most other druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, Bitter Phosphate quickly produces a welcome transformation in the appearance, the increase in weight frequently being astonishing.

This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which are always accompanied by excessive thinness, soon disappear, dull eyes become bright, and pale cheeks glow with the bloom of perfect health.

Although Bitter Phosphate is unsuppressed for relieving nervousness, sleeplessness and general weakness, it should not, owing to its remarkable flesh-growing properties, be used by anyone who does not desire to put on flesh.

There will be a good number going on the early morning train and many more who will make the trip in automobiles. Many former members of the Y. D. are already in Boston and the others will go early so as to get their position in line.

WELL KNOWN IN THIS CITY FOR HIS GOOD WORK

The will of Hervey E. Wetzel of Boston, Lieutenant in the American Red Cross, who died on Oct. 11, 1918, was filed at Exeter for copy in the session of probate court of Rockingham county yesterday, and gives \$100,000 to the Museum of Fine Arts of Boston to be expended in the purchase of important works of art, and also \$100,000 to Harvard university, also to be expended for the purchase of the works of art.

Mr. Wetzel owned a handsome home on Livermore street in this city, and gave much of his time and liberal contributions for the purpose of furnishing recreation in this city for the boys in the service. He was held in high esteem and his death was a distinct loss to this community.

NOTICE

A young chick valued at \$5000 has been added to the stock of Mt. Hope farm at Williamstown. It was bought at Lancaster, Penn., being hatched from an egg of Lady Victoria, a White Leghorn hen that made a record of 304 eggs in a year at a poultry contest held at Kansas. The chick was brought from Lancaster by a man sent to that place for the purpose.

SMALL FIELD OUT FOR FAST DAY SHOOT

There was but a small field out for the Fast Day practice shoot at the Country Club, owing to the fact that the weather was not over good and also that there is to be a much larger shoot on Saturday afternoon, when several well known gunners from Portland and Boston and possibly Manchester will be present.

Several of the young members of the club tried out the range, and while the game is new to them, some of them give indications of being excellent shots in time. It is a sport that requires a good eye and coolness and is very fine training for young people.

C. A. Dodge was high gun for two of the events with 47 out of 50. For all of the events Manning Remick was high shooting very well, while his brother had an off day. C. Green also was shooting in good form and Charlie Norton one of the most promising of the young gunners in one event broke 21 out of 25 targets.

It is expected that there will be a big field out for Saturday, and possible and inter-city team match between Portland and Portsmouth.

The local gunners are developing rapidly and it will not be long before a team from this city will be able to make a try at any of the smaller club teams and even some of the larger ones.

The Country Club as soon as the log cabin lodge is completed, which will be some time next week, and with a few other improvements will have as good a range as there is anywhere in this state at least.

JUNK CAUSE OF JUVENILE DELINQUENCY

On April 24—"Junking" is the cause of juvenile delinquency, and the cause of about 90 per cent of the crime in the part of boys under 16 years old in the juvenile protective association, which has just made public its investigations after an exhaustive study of the situation for more than a year. The conditions in the central districts are cited as deplorable, and a list of recommendations are made for a cure.

Chief among the association's plan to eliminate junk buying by the 1700 peddlers who frequent the alleys, in many cases urging and sometimes directing children to steal from vacant houses and railroad yards and cars. Is for Chicago to enter and housebreak the junk business. Not only would it largely solve the problem of prevention of juvenile crime, officers of the association assert, but it would be a profitable venture, adding scores of thousands of dollars annually to the city's revenue.

How "junking" has developed as a juvenile trade until it has become a hundreds of boys and girls from 12 to 17 years old the chief source of money for "movies" for the purchase of ice cream and candy, frequently cigarettes and often beer; how it includes articles from rags to automobiles; how junk dealers encourage it; how damage to vacant houses and flats amounts to hundreds of dollars is often attributed to secure land pipe and to cars, usually sold for \$1 or \$2, and how it is the main avenue to a criminal life, is told in a graphic study of 100 boys who have been committed by the juvenile court to a correctional institution and by three months' trailing of junk wagons by investigators.

In the study of the 100 boys, 55 began stealing and other criminal activities in connection with "junking," making visits to vacant houses, factories, railroad yards and cars; in 18 cases parents accepted the boys' money; two-thirds of the proceeds went to "movies," chiefly of adventure and "wildwest" scenes, and for candy. Seventy-five per cent of the boys belonged to unsupervised gangs. The chief occupation given was "junking." Over 50 boys left school at 11 years of age and 20 below that. The average wage of the father in 75 of the boys' families was found to be \$18.30 per week.

The death of Prof. Files, which resulted from heart trouble, was directly due to overwork and the heavy responsibilities connected with the ten months' service in France last year with the Y. M. C. A. Suffering with influenza, in a weakened condition, he returned to this country the last of November. Following several fatiguing engagements he was taken ill at Boston and for about three months has been confined to the Deaneess Hospital. Few men were more beloved, few more highly respected for the high ideals which they advocated, and none had truer friends.

PROF. FILES OF BOWDOIN DIES

Prof. George T. Files of Bowdoin College, education, lecturer and traveler, who did war work for the Y. M. C. A. in Europe, died yesterday morning at Deaneess Hospital, Boston, aged 53. He was born in Portland, Me., attended the High School there and graduated at Bowdoin College in 1889. He later attended Johns Hopkins University and then went to Europe for two years, receiving a Ph. D. degree at Leipzig in 1903.

In 1894 he became instructor of German languages at Bowdoin. During subsequent years he made several trips to Germany to study social conditions. He belonged to American Historical Association and a number of language associations.

He was trustee of Fryeburg Academy, president of the Maine Automobile Association and belonged to the Bowdoin Psi Chapter and Phi Beta Kappa. He is survived by his wife and a daughter.

Prof. Files was well known at New Castle and for years passed his summers at the Island town. He was the son of Andrew H. and Louise (Yeston) Files, the latter formerly of New Castle.

VICTORY LOAN SHOWS BIG INCREASE

(By Associated Press)
Boston, April 24.—Reports from the New England Victory Loan committee indicate a marked increase in the sales and thousands of pledges for the day, which will have a marked effect upon the official figures to be made public tomorrow. The official figures given out today were \$61,076, the standing for the district is \$375,000,000. The standing of some of the cities reported are Portsmouth \$100,450, Manchester \$100,000, Portland, Me. \$60,250.

EXETER

Exeter, April 24.—E. M. Barker of Orlow, Me., and Frank Hutchins of Wolfboro, the two academy students who were arrested in Manchester, charged with stealing an automobile in Boston, heard court proceedings in school, and the news was a surprise to authorities here. Both are members of the upper middle class.

On Monday evening the automobile of Mrs. Mary Williams was stolen while standing near the town hall, and on the following morning it was found in the rear of the Thompson gymnasium, with the number plates gone. These plates were the ones on the car being driven by Barker and Hutchins when arrested in Manchester. It is not understood just when the boys went to Boston, but probably on Tuesday morning.

The Exonian, the academy publication, will resume the pre-war plan of publishing semi-weekly instead of weekly, which was the arrangement during the war. This order will commence Saturday.

The chemists were called Thursday morning by a still alarm for a blaze at the residence of Edward Rohe on July Hill.

Howard A. Carter of Company P, 35th Infantry, who went away with the second draft, has returned to Exeter. He has been active service in France and returns in good health.

The Exeter high school baseball club will play Sabbath afternoon here Saturday, while next week Southern High will come to Exeter on Saturday.

ROCHESTER

Rochester, April 25.—The Ladies Aid of True Memorial Sunday school gave a 10-cent social in the vestry of the church Wednesday afternoon with a good sized attendance.

There was a pretty home wedding at high noon Wednesday at the residence of Mr. and Mrs. Ernest C. Wescott, Spring street, the contracting parties being their daughter, Mildred B. to George Newbury of Conie, son of William Newbury. The decorations were spring flowers. Rev. William E. Soule, pastor of the church of the Redeemer, officiated, using the double ring service. The attendants were Edward Newbury, brother of the groom, and Miss Sadie Francis of Manchester. A wedding march was played by Mrs. Wallace George of this city. A reception and lunch followed the ceremony, and later the couple left by automobile on a bridal trip. They are to commence housekeeping at 61-A Portland street. Many beautiful and valuable presents were received.

Harold W. Hanson of Hyde Park, Mass., and Miss Lulu Anna Weare of East Rochester were married at high noon Wednesday at the home of the bride on Cocheco ave., East Rochester, in the presence of relatives and friends. Rev. J. R. Dinwiddie, pastor of the East Rochester Methodist church, officiated, using the double ring service. The couple were attended by Lieut. Clifton Dustin of Bath, Me., and Miss Ruth S. Hanson, sister of the groom. The bride wore white satin, with a train, and carried a bouquet of white roses and sweet peas. The bridegroom was given a ring by the bride. Among those in attendance was the Topsy Turvy club, of which the bride is a member. A dinner was served the guests prior to the wedding, and after the ceremony there was a reception and light refreshments were served. Many fine presents were received including a chest of silver from the Rochester Methodist church, where the bride has officiated as organist. The bride is the youngest daughter of Albert M. Weare, a graduate of the Rochester high school, class of 1916, and the New England Conservatory of Music, and a teacher of music on the piano. The groom is the son of Joseph Hanson of Conie, a graduate of the Rochester high school, class of 1912, and has a position with the H. B. Sturtevant company of Hyde Park, Mass., where the bridal pair will take up their residence after a wedding trip.

**CRYSTAL TEMPLE
MAKES PLANS FOR
POVERTY PARTY**

Crystal Temple, Pythian Sisters, held a well attended meeting at its hall on Wednesday evening. Four candidates were initiated and two others voted in. At the next meeting, on May 14, the Temple will hold a Poverty Party, with entertainment and dancing.

At the close of the meeting refreshments of sandwiches, assorted cake and coffee were served.
The Grand Temple session of the order will be held in Manchester, May 12 and 13. Representatives and several members of the order in this city will attend.
Quite a few people had a good excuse to be in Boston today.

**The Piece That Receives the Acid Test.**

Usually a phonograph, a bookcase, a china cabinet and many other pieces of furniture are backed up to the wall. Often the sofa is, not all of it shows. Being against the wall, it is not especially prominent in the room.

But the library-table is almost always in the middle of the room; the center of attention for all eyes. It must therefore be submitted to a much more critical gaze than most other furniture. It must look well on all sides, and from all angles. The design must be unusually good, so that people will not tire of it when viewing it so continuously. "Imperial" tables make good on all these points. We have lots of library tables, davenport tables, and the dearest little odd tables of all descriptions. Won't you come in, and see the new things?

**FAIR COMMITTEE
WILL MEET NEXT
MONDAY EVENING**

Will Talk Over Plans for the
1919 Event.

A meeting has been called of the Rockingham County Fair Association for Monday night at the Chamber of Commerce.

The meeting is for the purpose of settling up the affairs of last year's exhibition and also to consider the outlook for this year's fair.

Tentative plans that have been discussed informally, propose one of the most elaborate exhibitions that has ever been presented by the association.

The outbreak of the Spanish influenza last year prevented the attendance that the fair has always enjoyed in other years—but with the war disposed of and the influenza epidemic a thing of the past the Fair Association is optimistic of a banner year in 1919.

**MAY HAVE CLUE
TO MYSTERY CAR**

Wrecked Limousine May Have
Collided With Murphy's
Machine.

The auto that caused the collision at Seabrook early yesterday morning may have been in another crash later in the morning is a new development of the auto collision story that appeared in The Herald yesterday.

A Portsmouth Motor Mart car returning from Boston was badly damaged by a big limousine that crashed into the Portsmouth car. John Murphy, driver of the Portsmouth concern's auto, was quite seriously hurt.

Last evening Fred L. Wood after reading the story in the Herald remembered that he saw a black Packard limousine near the railroad crossing at Lynnfield, Mass. The car was a total wreck, the body was torn from the chassis and was splintered.

Mr. Wood said that the wreck was a Massachusetts car and in the seven thousands. He remembers that the license plate contained four figures and started with the number seven.

The wrecked car was a twin six Packard and Mr. Wood said he thought a 1917 model.

This possibly may be the car that after running at high speed on the wrong side of the road crashed into young Murphy's car.

The limousine stopped and some of the party went back according to a Seabrook man, but after looking over the wrecked Portsmouth car and Murphy being unconscious they ran to the limousine and directed the driver to put on full speed.

Young Murphy was much better. It was said at the hospital today and would be able to leave in a few days.

NO UNEMPLOYED**

Chamber of Commerce Labor
Bureau Has Many Jobs
Waiting for Men.

Mr. Richard A. Cooney of the Chamber of Commerce Employment Department, said this morning that Portsmouth has been very fortunate in its even distribution of labor.

Many parts of the country are facing a serious unemployment situation but Portsmouth, due to the navy yard and shipyards, with the other five in-

dustry, has absorbed all the local soldiers that have been discharged and there is now a demand for men.

At present positions are open for auto mechanics, farm hands, dairy men, men for general work and the demand for carpenters is slowly growing.

Mr. Cooney does not anticipate any difficulty in placing Portsmouth boys that will be discharged from the 26th Division on April 28th.

The Famous Regal Singing and Jazz Orchestra will furnish the music for the dance at the Armory on Tuesday evening April 29th. The basketball game will begin promptly at eight and the dancing immediately after the game.

The electric line across the river will now be further improved as a result of the courts allowance of cash to do the work.

A number of members of Winfield Scott School Camp, United Spanish War Veterans, were in Concord Thursday to attend the state encampment of that body.

If you like basketball and don't dance come to the Armory and enjoy the best game of the season, the price is so low that you can afford to pay it just for the game. Or if you dance and don't care for the game come and dance it only costs you 25 cents for either or both. If you miss it you will be sorry. Remember the date TUESDAY EVENING APRIL 29th AT EIGHT O'CLOCK. A Hundred additional seats will be added to those in the Armory to accommodate the entire audience.

ATLANTIC NOTES

The Liberty Bond campaign is making big strides and all the departments are working hard to get the championship.

Many of the boys took the day off today, going to Boston for the 26th Division reception.

**COLD WEATHER
PUTS CRIMP IN
MOTORISTS' PLANS**

Cancel Trips to Hub Because
of Wintry Weather.

Everybody has been planning a warm reception for the 26th at Boston today, but at the last minute the weather man put a crimp in some of the enthusiastic plans.

Many people that planned to motor in to the big event had cold feet on the proposition this morning.

Arising in a cold house with a cold wind blowing outside dampened or froze their ardor for the Hub as a means of getting to the Hub.

All the garages except that many of the trips planned for today were cancelled this morning and the people used the railroad.

A few hardy souls braved the low temperature and wind and started for the Hub as they planned.

LADIES' SOCIAL CIRCLE

Has Entertainment and Sale
Thursday Evening.

The Ladies' Social Circle of the Universalist parish held a sale and entertainment Thursday evening at the Universalist vestry, the directresses being in general charge. The program consisted of a vocal solo by Mrs. A. Leon Smith, piano solos by Doris Woodsum and Doris Plalsted and a reading by Mrs. Donnell.

Candy, cooked food, ice cream and aprons were on sale. Mrs. Charles Grover and Mrs. Fred Grover were in charge of the candy table. Mrs. William H. White and Mrs. Freeman Garrett were the attendants at the cooked food tables. Aprons were sold by Mrs. Porter Hancock, Mrs. Andrew P. Wendell and Miss Nellie P. Walden. Young misses of the parish served ice cream.

Mrs. A. Leon Smith and Mrs. Sherburne Donnell were in charge of the entertainment. A neat sum was realized by the affair.

The smartest and most popular young men's models for the spring and summer seasons are the "waist line" models so called. To properly produce these models requires expert knowledge of the tailor's art. Poor tailors could only make a botch of such jobs. Such organizations as The Stein-Bloch Co. and B. Kuppenheimer & Co. are always perfectly equipped to handle any model demand required by Fashion.
